WHAT IS THE CORNWALL LINK?

The Cornwall Link is a website where you can find information on a wide range of services, community groups and organisations in Cornwall and the Isles of Scilly.

Our goal is to connect individuals, families, carers, volunteers and health/social care professionals with services and community based activities. The aim is to improve health, mental & physical wellbeing in the Cornish community.

FIND THE RIGHT SUPPORT FOR YOUR NEEDS

The Cornwall Link can be filtered to search the community directory and find the best fit for your needs. You can refine and search by; location, interests, support needs and health conditions.

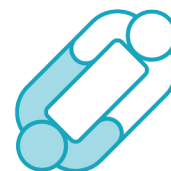

Creating your own profile is simple and quick. You can save any club, activity or group that you like to a "favourites list" - which you can print or share with others.

A CONVERSATION WHICH CONNECTS

We know from the experience of our Community Helpline that describing what you are looking for is rarely as easy as a few simple words.

Fortunately, we have come up with some tried and tested questions which can help you share your experience more fully, enabling us to generate suggestions of resources that are of most relevance and likely to be of most help to you. **Try our 'guided conversation' tool today.**
